*Careers for lifelong fulfillment*

All Solutions Cleaning & Maintenance  
215 Union Blvd, Suite 220  
Lakewood, Co 80228

November 3, 2011

To whom it may concern:

Heritage College is a school with a population of roughly 500+ not including our staff and faculty. It is of the up most importance to us that our building be well maintained and clean for all who come in. We have hired various cleaning companies in the past and have never been blown away by their performance. We were then introduced to All Solutions & Maintenance. Manager, Dan Howard was well organized and very committed to meeting all of our needs and expectations.

We have been with All Solutions & Maintenance for several months now and have had only minor complaints that were promptly addressed. They have been very flexible with our strict schedule and last minute requests due to the constant traffic in our buildings. I have had numerous people compliment on the cleanliness of our building and noticed how it has restored the pride we take in it on a daily basis. All Solutions & Maintenance has made us feel as though we are not just another building on the list but a business they take pride in calling a client. We are very pleased and impressed with their performance and look forward to a continued relationship with them.

Sincerely,

Jennifer Sprague  
Heritage College  
Campus Director
